

COMMUNITY AND PARISHES UPDATE - Q2 2019

Here's your quarterly update from Allerton Waste Recovery Park, the waste treatment facility which deals with black bag waste from homes across York and North Yorkshire. Information in this update can be used in community/parish newsletters, radio channels and websites.

Free visits for community groups and parish organisations

We've had almost 900 visitors to Allerton Waste Recovery Park in the first three months of 2019 alone! If you'd like to book a place for your community group or parish organisation to visit, you can find out more information at www.allerton-waste-recovery-park.co.uk (look for the education and visitor centre link). Visits are free and include a presentation and tour of Allerton Waste Recovery Park's state-of-the-art waste treatment technology.

Be a Community Champion!

If you are a school or a youth group you can take part in Allerton Waste Recovery Park's Community Champion programme and help spread the word about reducing, reusing and recycling your rubbish.

Allerton Waste Recovery Park deals with 'black bag' waste from homes across York and North Yorkshire. This is the waste that's left over after you've done your recycling. Our facility, near Knaresborough, has an onsite Visitor Centre and a dedicated education manager.

We're inviting schools and youth clubs to take part in our Community Champions programme, which is run over three sessions:

Session 1

A visit to Allerton Waste Recovery Park, where you can view our state-of-the-art waste treatment technology and learn more about what happens to the things you throw away.

Session 2

Our education manager will visit you at your school or group. We'll have a chat about spreading the word on waste! You could create a poster or newsletter to get people thinking about reducing, reusing and recycling their rubbish.

Session 3

Pass it on! This will be your chance to share what you know. You could present to a school assembly, parents or the rest of your youth group. And you'll get a certificate at the end to show you're a true Community Champion!

All the sessions are free, although you will need to organise and cover the cost of your travel to Allerton Waste Recovery Park for session one. For more information, visit our website:

www.allerton-waste-recovery-park.co.uk or email us at awrp.visitor@amey.co.uk.

Young people offered chance to be Community Champions

Do you have a youth club or school in your community who would be interested in taking part in our Community Champions programme? This is a three-stage programme for young people. See the leaflet across for more information – zoom in for full information or visit our website for a downloadable version.
